- **Programmatic & Xaxis evolution**
- Our differentiated capabilities
- Growth opportunities
- Wrap-up
- Q&A

**X A X I S**

Ten years

of innovation

## What is programmatic advertising?

An automated method of buying digital media where data and technology are used to make real-time decisions on a per-impression basis about things such as:

- whether this is the right audience and environment for a brand
- what price should be paid
- what creative/offer should be shown

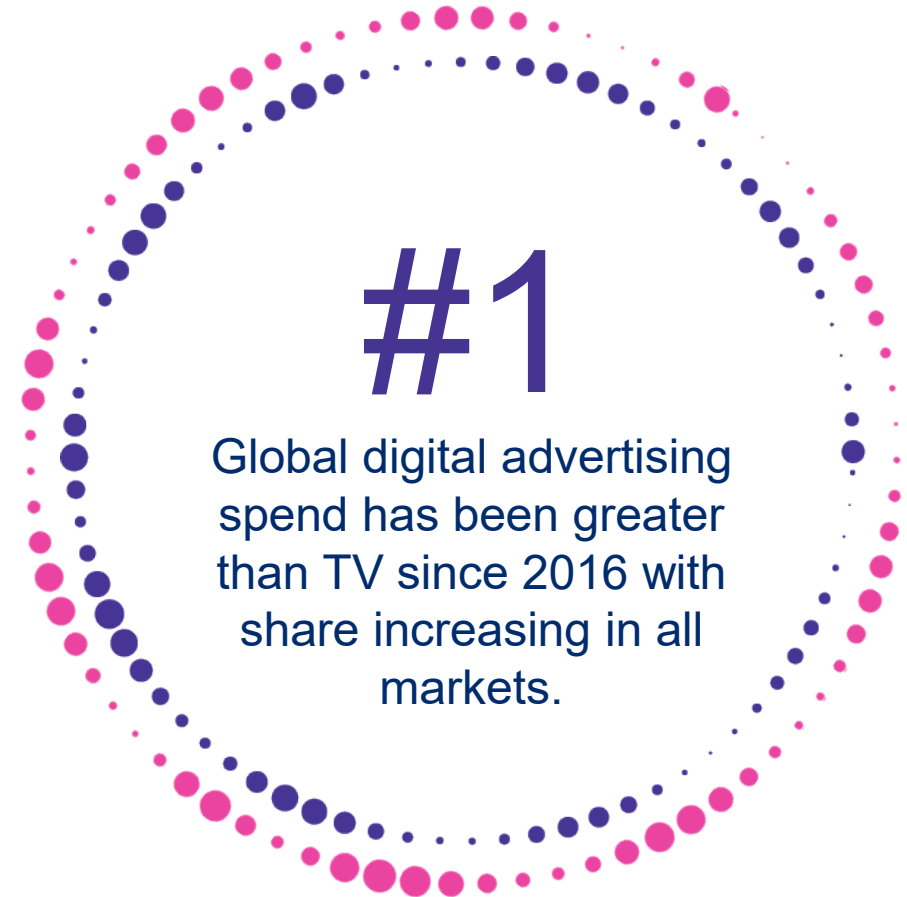

## Digital Ad Spending Penetration Worldwide, by Country

2021, % of total media ad spending

# 89%

Over the last decade,  
programmatic skills have  
become essential to buy  
digital media effectively.

# The outlook for programmatic is strong, fueled by increased digital share and new activation channels

# We are the outcome media company

# Outcome-driven Media in Action

## MEDIA OUTCOMES

### SAVE

FMCG

55%

Reduced CPCV

Guaranteed savings against popular media outcomes such as vCPM, CPCV, and CPA.

Our AI-powered predictive prospecting strategy reduced CPCV by 55%.

## ADVANCED OUTCOMES

### GROW

Retail

+\$13      \$17m

ROAS

Revenue

Sophisticated multi-metric KPIs such as brand lift, ROAS, exposure, and dwell time.

Customized AI across the funnel drove a \$13 increase in return on ad spend (2x goal) and \$17m extra in revenue.

## CUSTOM OUTCOMES

### TRANSFORM

Auto

25%      5x

Lower Cost per PI      Test drive requests

Tailor-made metrics, bespoke to a brand and its business objectives

We co-created a bespoke outcome, Purchase Intent, that helped to drive 25% more efficiency in display spend and 5x more test drive requests.

**AI** Artificial  
Amplified  
Intelligence

A computer monitor is shown against a dark background. The screen displays the Copilot logo, which consists of a blue circular icon with a white 'S' shape inside, followed by the word 'Copilot' in white text.

 Copilot

# Today's Programmatic challenges

Difficult to find value in massive volumes of data.

Online KPI's do not reflect business results.

Brands want to increase efficiency despite rising industry complexity.

Brands want to improve performance and save time.

# Benefits of Copilot - Amplified Intelligence

Leverage the **data** with the strongest proven value for your business goal.

Combine **multiple metrics** into optimization decisions.

Identify & shift delivery to **unique patterns** humans don't have time to identify.

Dynamically predict performance and alter bids and investment in **real time**.

# Find every granular opportunity

---

## HUMAN

test a hypothesis and learn

## DSP

lock in on best performance

## COPILOT

find granular value of each opportunity in real time

Test and learn quickly without cutting out opportunities.

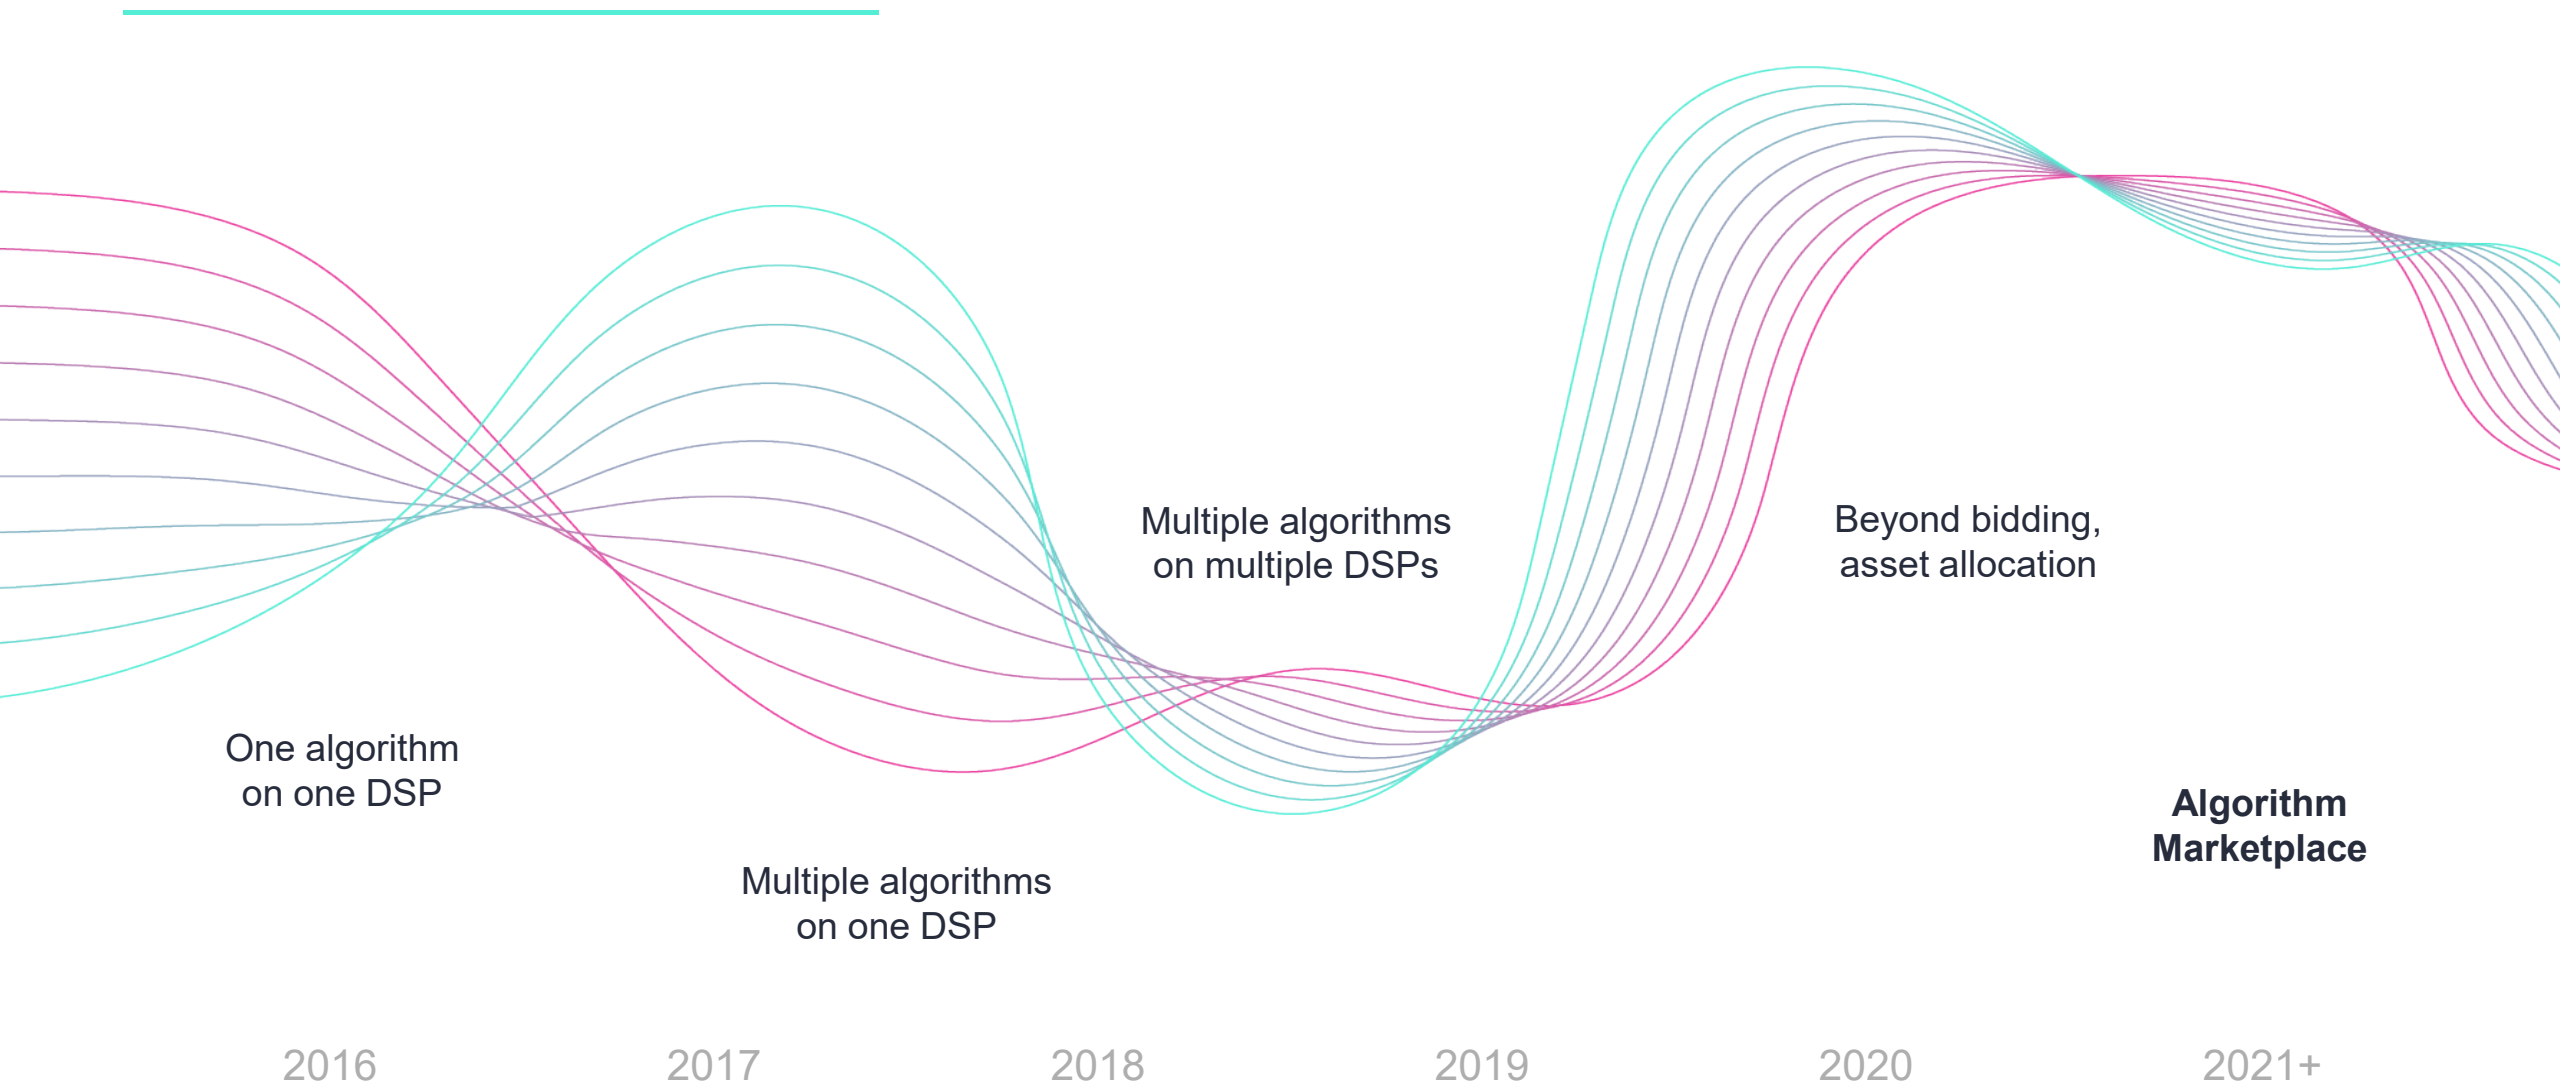

The engine behind better advertising for everyone.

- 43 countries
- 1,400 + models run every day
- 1,900+ advertisers served
- 2,100+ customized algorithms

# Copilot milestones

One algorithm on one DSP

Multiple algorithms on one DSP

Multiple algorithms on multiple DSPs

Beyond bidding, asset allocation
